EDUCATION

Panipat Institute of Engineering and Technology   Samalkha , Haryana
Btech Computer science specialisation in Ai and Ml   August 2020 - August 2024

Geeta vidya mandir   Gohana
Higher secondary (CBSE)
Percentage: 84%

EXPERIENCE

Aicte idea lab | Training and Internship   Panipat , Inida | August 2022 - sep 2022
    Iot and machine learning

SKILLS

Programming Languages:	Python, C++, Html, Css, Javascript
Libraries/Frameworks:	Django, Javascript, Machine learning, Tensorflow
Tools / Platforms:	Machine learning, Full stack webdeveloper with django, Arduino, Raspberry pi, Github, Eagle pcb designing
Databases:	postgreSQL

PROJECTS / OPEN-SOURCE

Machine learning projects webapp | Link   *Html, css, javascript, bootstrap, django, django restapiframework, machinelearning*
    Many machine learning project like titanic survival prediction, flower classification, breast cancer prediction, sentiment analysis are integrated in web app

Real time field waterlevel monitoring | Link   *IOT, Sensors, Thingsspeak for data manipualtion*
    Real time sensor data is sent to thingspeak web server and applying machine learning on it

speech recognition based home automation | Link   *Python, machine learning, raspberrypi, IOT*
    Controling appliances using voice comands uisng iot , python and machinlearning

blog webapp | Link   *Html, css, js, bootstrap, django, aws*
    blog app with dynamic url and dynamic routes

Computer Vision projects | Link   *python, mediapipe*
    Computervison projects like handtracking module, posedetection, facedetection, imagebackground remover

CERTIFICATIONS

- critical thinking - **panipat institute of engineering and technology**
- yuva inovators challenge - **yuva incubated**
- national science day - **Panipat institue of enginearing and technology**
- Startup india venture competition - **schulich school of bussines canada**

HONORS & AWARDS

got 2nd prize in anveshna national level hackathone

secured top 20 position in national level yuva innovators challenge

got sponsred for ai nanodegre program udacity by amazone web services

got first position in pietbig ideas wanted competition oraganised by piet
got 2nd prize in hardware demonstration competition organised by piet
working as technical leader position in machine inteligence club
